

The background of the advertisement is a photograph of a modern kitchen interior. A woman with curly hair, wearing a white shirt, is standing at a kitchen island, looking down at a bouquet of flowers. The island has a white countertop and a dark blue base. Two wicker bar stools are positioned in front of the island. To the right, there are two large, white-framed windows that look out onto a lush green landscape with trees and a house. A dog is lying on a wooden bench in front of the windows. The overall atmosphere is bright and airy, with natural light coming through the windows.

V400

A photograph of a dog, possibly a pit bull mix, with white fur and brown patches, sleeping on a dark blue rug. The dog is lying on its side with its head down. In the background, there is a modern office desk with a wooden top and metal legs, and a pink office chair. The floor is made of light-colored wood. The overall scene is bright and modern.

# Innovations that endure

Every detail in the V400 Tuscany® Series is constructed with an eye toward style, functionality, and performance. Plus, the easy-to-use hardware uniquely designed for this series practically disappears from view.

## SMARTTOUCH® INNOVATION

We have a long-standing tradition of innovation. The SmartTouch window lock, exclusive to MILGARD, addresses the need for durable windows and patio doors that exceed rigorous California forced-entry codes.\*

- **Intuitive.** It's the easiest way to unlock and lock windows, allowing you to open or close them in one smooth, single motion with no pinching or twisting.
- **Streamlined.** The lock is incorporated into the window sash for a sleek, low-profile design.
- **Strong.** Constructed from die-cast zinc, making it strong and built to last.
- **Secure.** When the handle is down, the window is locked, so you can rest assured your window is secure at a glance.

## INSTALLATION CONFIGURATIONS

Buying windows doesn't have to be complicated. MILGARD makes it simple, from the planning stages through project completion. We'll help you understand which frame type suits your project and home style.

### Nail Fin

The nail fin is attached directly to the house's frame in new construction and replacement projects where studs are exposed.

### Z-Bar

This replacement window configuration comes with a flange on the exterior of the window to cover and seal the frame on home with stucco.

### Block

Commonly used for replacement projects, this window inserts into your existing frame, leaving interior and exterior trim undisturbed.

## EVEN SIGHTLINES

All windows in the V400 Tuscany® Series offer equal sightlines from top to bottom and across operating styles, giving all the rooms in your home a streamlined, aesthetically pleasing and even look.

---

#### OUR APPROACH

---

Our windows insulate as well as elevate, tirelessly working to seal out the elements and create homes that are protected, comfortable, and quiet. The path to perfect windows and doors has never been more clear.

## CAPSTOCK

Capstock is an acrylic layer that covers—or “caps”—a vinyl profile. The acrylic layer is extruded together with the underlying vinyl profile, ensuring maximum bonding and superior durability. Available with white or black interior.

Black

Black capstock not available on double-hung, double-slider, bay/bow, or swing door.

## PAINTED EXTERIOR

Available on several of our replacement windows and doors, environmentally friendly, water-based coatings provide outstanding coverage and durability and offer long-term performance and customized beauty. Our oven-baked application ensures the paint will maintain color and prevents cracking, fading, peeling, blistering, and abrasion from impact.

Bronze

Espresso

Classic Brown

Silver\*

Painted exterior available with white interior only.

On-screen and printed color representations may vary from actual finish colors.

\*Silver not available in all locations. Please contact your MILGARD Sales Representative for additional information.

## GLASS

Select clear glass or choose from an assortment of obscure options for privacy in a bathroom or bedroom. We also have tinted glass for additional shading from direct sunlight.

## ENERGY EFFICIENCY

Our products can meet ENERGY STAR® standards in the climate zones we serve. Our warm-edge spacers help to lower conductivity, improve argon gas retention, and increase condensation resistance. Low-E coatings help reflect the sunlight away from your home maintaining interior temperatures.

### What is Low-E?

Low-E glass blocks the bad stuff and lets in only the light you want.

## GRIDS

Grids between the glass allow for easy cleaning, while simulated divided lites (SDL) and check rails create a more historical look.

**Flat Grids**  
Between the Glass

**Sculptured Grids**  
Between the Glass

**Simulated  
Divided Lites**

**Check  
Rail**

## SCREENS

Choose from standard screens or PureView® mesh for a clearer view outside. All vertical and horizontal sliding windows come with pull rail screens for easier removal and installation.

**Standard Mesh**  
Lets fresh air in  
and keeps most  
everything else out

**PureView® Mesh**  
Finer mesh allows for  
clearer views and better  
particle protection

Glass options may vary by location; please consult your MILGARD dealer for glass options available in your area or visit [milgard.com](http://milgard.com).

## OUR COMMITMENT TO YOU

We have a dedication to quality and build our windows and patio doors to last. With the V400 Tuscany® Series, you're covered with our Lifetime Limited Warranty. Full Lifetime Warranty is also available as an optional upgrade for a fee and must be selected at the time of purchase.

See complete details at  
[MILGARD.com/warranty](https://MILGARD.com/warranty)

## OUR GOAL IS 100% TROUBLE-FREE

With a goal of 100% trouble-free, our teams work tirelessly to help ensure your project stays on track.

From regular inspections and quality audits throughout the manufacturing process, we strive to ensure that the final product you receive meets our high standards.

In addition, most MILGARD windows and patio doors carry the American Architectural Manufacturers Association (AAMA) Gold Label to show they have met their strict requirements, which are tested and certified by a third party. This rigorous testing includes water, air infiltration, structural integrity and forced entry resistance.
