

X76 PUSH-OUT CASEMENT WINDOWS

OVERVIEW

A side-hung outward-opening casement with a clean, uncluttered profile. The push-out mechanism provides a wide opening angle and unobstructed views when closed. Available in both factory and field-mulled configurations, they can be arranged in a wide range of layouts, from large singular panes to integrated multi-unit compositions. Their clean, streamlined profiles make them well-suited for modern, minimalist designs.

KEY FEATURES & BENEFITS

- Wide opening angle maximizes ventilation and emergency egress potential
- Espagnolette multi-point locking ensures consistent seal pressure
- Minimal external profile for a sleek, modern look
- Can be single or double (French) casement configuration
- Complements awning and fixed X76 units within the same facade system

- **THERMALLY BROKEN FRAMES**
Superior insulation for year-round comfort
- **SLIMLINE SIGHT LINES**
Maximum glass, minimal frame intrusion
- **CUSTOM POWDER COAT**
30+ color finishes to match any façade
- **NFRC CERTIFIED**
Meets NFRC Certifications Criteria
