WINDOW COVERINGS BY ROCKWOOD

The windows are in. *Now for what goes on them.*

We fit the windows and doors. For shutters, blinds and shades we introduce you to **Rockwood**, who have been making custom shutters for almost thirty years.

Their Design Consultant brings the samples to your house, their team measures, and their own technicians install. **We make the introduction. They do the rest.**

See it first. There is a Rockwood stand in our showroom at 75100 Saint Charles Place, Palm Desert.
